PROFESSIONAL EXPERTISE

UI SOFTWARE DEVELOPMENT

Fast, efficient, high-quality development of single-page enterprise applications using the ExtJS UI framework, with a passion for putting the “face” on complex, commercial products.

SENIOR TECHNICAL LEAD ROLES

Senior lead UI developer for small teams, mentoring junior engineers, promoting software reuse and componentization under generally-accepted OO design principles, while ensuring common, consistent user experience throughout all product touchpoints.

UI/UX DESIGN

Extensive expertise in designing UI layouts and interactions that are rich in user experience, with an intensely-focused attention to detail. Pixel-perfect, rapid prototyping of working mockups.
